

## Chamber of Commerce Leases Tract For A Park

### ANNUAL MEETING HISTORICAL SOCIETY WELL ATTENDED HERE ON FRIDAY; PUSH THE MUSEUM

**Banquet Marked Closing Feature of Annual Affair; J. Evetts Haley is Speaker at Dinner.**

Climaxing the activities of the day with a banquet held in Cousins Hall, the eleventh annual meeting of the Panhandle-Plains Historical Society was brought to a close late Friday night. With the meeting written as history itself, members of the society and officials of the organization expressed satisfaction and declared that the 1931 session was among the best held since the society was organized.

A cherished dream of several years standing of members of the historical body seemed just a bit nearer actual realization as the parting words were said between pioneer men and women of the Panhandle as they departed to their respective homes late Friday night. The dreams—a museum—took form last year when an active movement was started to raise funds for the erection of a \$75,000 museum to house the relics of the association now acquired and those to be collected in the years to come.

During the summer months of last year, L. F. Sheffy, employed as field secretary of the society, solicited private donations for the erection of a museum building on the campus of the West Texas State Teachers College. The object at the outset was to raise enough money to erect the first unit of a three-unit building to cost approximately \$75,000. In the face of financial depression \$17,000 in donations and several thousand dollars more in pledges were received. At the opening of this present session of the legislature the society sent a request to that body asking for \$25,000 to be matched by \$25,000 from people of the Panhandle for the erection of the building.

Several weeks ago the senate committee on finance returned a favorable report on the project and Friday night as the banquet was closing, word was received from Representative Clyde W. Warwick stating that the house committee on appropriations had returned a very favorable report on the request for the \$25,000 appropriation. The building program of the society was the central theme of the day and was discussed at almost every gathering beginning with the directors meeting early in the morning until the closing minutes of the banquet shortly before 11 o'clock Friday evening.

The rapidly thinning ranks of the pioneers who make up the members of the Panhandle-Plains Historical Society were received as honor guests at the chapel program of the college. President J. A. Hill of the college presided at the 11 o'clock session Friday morning. Music was furnished by the Buffalo band, under the direction of Bandmaster C. E. Strain. All members of the society present were introduced to the student body of the college.

Judge H. E. Hoover of Canadian spoke on the subject of the museum building. He advocated completion of the society's plans for an adequate museum, terming the

#### Dr. H. G. Grainger Moves to Tyler

Dr. and Mrs. H. G. Grainger left Canyon Tuesday for Tyler, Texas, where they will make their future home. Dr. Grainger will be associated with Dr. Howard Coats, osteopathic physician and surgeon of Tyler.

Dr. Frank A. Gants of Amarillo will succeed Dr. Grainger and will maintain an office in Canyon which will be open on Tuesday and Friday of each week.

Mrs. Grainger, who was Miss Geneva Golden until her marriage recently and who was a student in the college, plans to continue her college work in the Tyler Junior College.

#### STORK SPECIAL

Born to Mr. and Mrs. Eddie Smith, Sunday, April 5, a girl. The young miss has been christened Betty Jane.

Mr. and Mrs. D. D. Lippard are the proud parents of an eight-pound girl, Charlotte Marie, born Thursday, April 14.

Mrs. C. M. Thomas of Amarillo visited in the M. E. Rhoads and Levi Cole homes part of last week.

#### Is Historian

J. EVETTS HALEY

### Evetts Haley Is Named to Write Cattle History

J. Evetts Haley, for several months field secretary of the Panhandle-Plains Historical society, and who wrote a history of the "XIT Ranch" several years ago, has been named to write a history of the Texas and Southwest cattle industry for the Texas and Southwestern Cattle Raisers Association. At the annual convention of the cattle raisers association, held in Corpus Christi recently, the body voted to secure Haley to write the history.

Haley's father was a ranchman on the Plains, the great cattle country of Texas at that time. Haley spent his boyhood on a ranch, and much of his early life was spent in the saddle. When he was 15 years old he was making a regular hand on one of the largest ranches in that section. At 16 he was receiving training as a broncho buster and gained quite a reputation as a rider of bad horses. He also learned to use the rope, and won several rodeo prizes.

Along with his love for horses and the out-of-doors, there was developed a liking for books. After he finished high school he entered the West Texas State Teachers College. Later he attended the University of Texas, where he wrote his master's thesis on "The Cattle Trail Movement from Texas to the North," under Dr. Eugene C. Barker. Haley then returned to the Plains with the purpose of completing his history of the Texas cattle trail. He was selected by the Panhandle-Plains Historical Society to travel over the Plains and gather material for the society.

The University of Texas recognized the excellence of Haley's work as a collector, and under a grant from the fund for research in the social sciences, brought him to the university to collect historical documents for the library there. For the past two years he has traveled over the state, and from his wake a stream of historical records, letters and documents has poured into the university library. At one time he had to use a truck to bring in the material he had found.

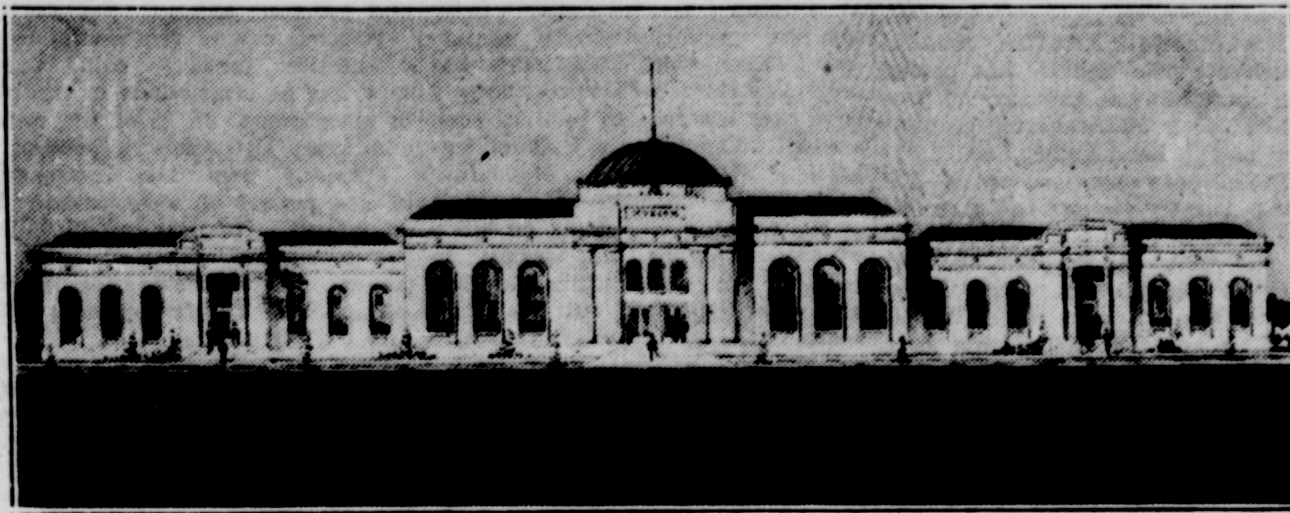

### Grid Prospects At West Texas Still in Training

The standing of the 1931 edition of the Buffalo football team, at the West Texas Teachers College, will be determined largely, by what Coach Reeds will be able to develop in the way of line material from the rookie material that he will have at hand.

At the center position, Bill McLendon, who played regular last fall, will be back. Bill is a great center for his weight, but he weighs only about 160 pounds. Also, in spring practice Rufus Dodgen, last year's Yearling center, is showing unusually well and his 190 pounds is going to be a big factor, when the time comes to select the pivot man for the 1931 games.

At the guard position, men who are showing themselves as contenders are: Woolver of Slaton, Devin of Canyon, Cooper of Lock-

### Erection of Museum Building is Urged

The above pictured building shows the architect's conception of the museum for the Panhandle-Plains Historical society when it is completed. Immediate action is

urged by officials to secure funds for the erection of the first unit of the building which is to be erected in three units. A request to the legislature for \$25,000 to be

matched for a like amount by Panhandle people has received a favorable report and if the appropriation is adopted the money will be available September 1.

### Buffalo Track Squad Journeys To Roswell for First Opposition Of Season; Prepare for Big Meet Here

The dual track meet Saturday at Roswell when the West Texas Buffaloes and the New Mexico Military Institute Soldiers match their thin clad squads on the cinder path, two teams of unknown quantity will meet.

With little material from last year's track team, Coach Burton has been faced with the problem of developing new material into trackmen. At Roswell the same problem has presented itself this spring. Only one man, Wayne McCommis, a track man of last year, is back and is the only member of the Institute squad that promises to show anything sensational.

While the present attention to the track work is being given to preparation for the dual meet at Roswell this week-end, plans continue for the Great Plains Track Meet to be held here on the night of May 2. The New Mexico squad is also pointing for that occasion.

Coach L. E. Field is expecting to bring a large squad of his men from the Panhandle A. & M. at Goodwell, Okla.

The mile relay at the Great Plains Track and Field meet, which will be held at the West Texas State Teachers College, on May 2, promises to be a classic.

The relay team from Central Teachers College of Oklahoma, present Great Plains record holders, will be back intact. Last year they stepped the mile in three minutes 29.4 seconds, which is an average of 52.7 seconds per man. They are reported to be faster than ever this year and are expecting to set a record that will stand for something.

Down Abilene way, other plans are in progress. The Abilene Christians boast a relay team the equal of anything in the country. At the Rich relays, which were held the latter part of March, the Christians stepped the mile relay in three minutes 21.2 seconds, which averaged

(Continued on last Page.)

### Congressmen to Visit Palo Duro

A sub-committee of the House appropriations committee of Congress will make a short tour of the Palo Duro Canyons next Thursday. It was announced in Amarillo Wednesday.

The congressional group from Washington, headed by Representative Frank Murphy, Ohio, is making a tour of proposed National Park sites and Indian Reservations. The Palo Duro Park association will sponsor the trip through the canyons.

### Hardware Men Of Panhandle to Open Convention Monday

The Panhandle Hardware and Implement Association of which C. L. Thompson has served as secretary for several years, will hold its twenty-second annual convention in Amarillo April 20, 21 and 22.

The theme of this year's convention is, "Teamwork in Distribution." Many nationally known hardware men are listed on the program. These include H. P. Sheets, Indianapolis, Ind.; C. J. Whipple, Chicago; R. W. Carney, Wichita, Kan.; H. B. Mize, Atchison, Kan.; Clifton Rodes, Louisville, Ky., and others.

Sessions of the convention will be held in the Herring Hotel. Entertainment during the three-day session will be directed by the P. H. I. T. club of Amarillo.

H. G. Little of Amarillo visited Monday at the local Foxworth-Galbraith lumber yard.

Grady Ponder of Happy was in Canyon, Monday.

### House Recommends \$25,000 To Erect Museum in Canyon

The committee on appropriations in the house of representatives included the museum item in the educational appropriations bill which will be reported to the house some time next week. The bill provides that the state will appropriate \$25,000 when the citizens raise an equal amount.

The senate finance committee recently approved an item for \$125,000 with the same provision that the citizens and members of the Panhandle Historical Society subscribe \$25,000, making it possible to erect the library-museum building at the West Texas State Teachers College to cost \$150,000.

The action of the house committee Friday night at 10:30 o'clock insures that the museum item will be considered by both houses of the legislature and the free conference.

Clyde W. Warwick, representative of the 123rd district, phoned President J. A. Hill Friday night, just as the banquet of the Panhandle-Plains Historical Society was closing, the news that the house committee had acted favorably.

### PLENTY OF FREE SEED FOR 4-H CLUB BOYS

County Agent W. H. Upchurch states that he has a good quantity of free seed for club boys of this county which will be given to the boys who enroll in the club work, by the Canyon Chamber of Commerce.

This seed is to be given absolutely free by the chamber of commerce and no requirements or strings are placed with this offer other than the regular requirements of a report by the Extension Service of the Department of Agriculture in its 4-H club work.

W. A. Warren attended to business interests in Nara Visa, N. M., Wednesday.

Levi and James Cole spent Sunday in Lockney.

### COUNTY COMMISSIONERS WILL BUILD THREE-MILE ROAD TO NEW PARK SITE ON CANYONS

**Final Papers Are Signed Monday Giving Chamber of Commerce a Lease on Section of Land.**

### Large Crowd Is Present at Annual Historical Fete

Amid the gaiety of association with old-time friends, more than 160 people were banqueted at Cousins Hall Friday night, a feature which marked the conclusion of the annual meeting of the Panhandle-Plains Historical Society. Events and happenings of both happy and tragic nature were relived in the memories of pioneers in the Panhandle when the west was still young, as the remnants of a once large army of courageous and brave men and women, who settled this country years ago, gathered for the banquet.

Following an agreement by the County Commissioners court to open a road into the land to be leased by the Chamber of Commerce, a contract was signed between that body and Fred Emery, Chicago, representing the owners of the property.

The section of land, leased to the Canyon Chamber of Commerce for a period of two years without cost, is located 13 miles due east of Canyon and is known as section 101 of the I. & G. N. survey. The deal had been pending for several days but was finally settled late Monday. The acceptance of the lease depended upon the

A wire was received by the Chamber of Commerce Wednesday from Fred Emery, who went from here Monday night to Austin, that he had talked with a number of legislators in Austin and that all had been very favorable toward the establishment of a park in the canyons. He also stated that the Caddo Lake, Mineral Wells and Guadalupe associations had withdrawn their requests for a state park project, in favor of the Davis Mountains and the Palo Duro Canyons.

It is announced that a meeting of the Palo Duro Park association will be held in Amarillo Wednesday for the purpose of electing new officers and consideration of pushing the work already started by the local chamber of commerce.

action of the Commissioners Court on the petition for a 3 mile road, which petition was presented when the regular session of the court opened Monday morning. A group of Chamber of Commerce directors headed by president Byrle Elliston citizens of Canyon, representatives of the Hereford Chamber of Commerce and representatives of the Palo Duro Park Association were present to present pleas for the road.

C. O. Elkins and Fred Marshall, owners of the land to be affected by the opening of the road, reached an agreement with the commissioners Court and the Chamber of Commerce for the construction of the route which leads to the brink of the canyon. Thus, portions of the canyons heretofore closed to the public have now been opened and everyone will be admitted without charge when the road is completed.

All who have seen the location of the section of land under lease declare it to be the most ideal spot along the whole canyon, for the opening of the Palo Duro to the public.

The road to be constructed will go three miles due east from the Fred Marshall ranch house to the edge of the canyon rim where a view of the main canyon, Coolie Canyon, Timber Creek Canyon, Big Sunday Canyon and the Light House can be seen from one point. It is estimated that there will be more than 200 acres in the section which can be devoted to parking space for the visitors who drive to the park site.

With the co-operation of the (Continued on last Page.)

### Find No Trace Of McCrery Car Stolen Sunday

No trace had been found late yesterday of the Chevrolet sedan belonging to J. W. McCrery, which was stolen about 10:30 o'clock Sunday morning while parked on the east side of the First Baptist church.

The car had been parked there while the McCrery family had gone to the church to attend Sunday school and church services. Mr. McCrery stated that although it was not his usual way of leaving his car that he left the keys in the machine.

Miss Ruth McCrery, a daughter, saw the car being driven away, but at first supposed that it was another member of the family driving away and waited a few minutes before she notified her father of the car being driven away.

Officers were notified immediately but no trace was found other than it is believed to have been seen on the highway just this side of Amarillo shortly after it was stolen.

The car bore 1931 license plate number K5-3630, engine number 164119. It was a 1930 model Chevrolet sport sedan with yellow wire wheels.

### Panhandle-Plains Historical Society Museum Is Given Space In National Museum Magazine

The Museum News, published by the American Association of Museums, Washington, D. C., carried an article in its issue of March 15, written by Mrs. Phoebe Shawver of Crowell concerning the Panhandle-Plains Historical Society.

This article published in a nationally circulated magazine gives wide recognition to the Panhandle society. The article in full follows:

"One of the groups organized in Texas for the preservation of local history material and literature is the Panhandle-Plains Historical Society, with headquarters at Canyon in Randall county. This society was organized in 1921. Its first important project was the marking with a suitable monument of the Adobe Walls battle ground, on what was once a part of the Turkey Track Ranch. The monument was unveiled June 27, 1924, fifty years after the battle between a handful of ranchers and 800 Comanche Indians. Buffalo Wall near Canadian has been marked also, and another project in view is the marking of Fort Elliott at Mobetie.

"From its beginning the society has been collecting articles that

were in use on the early range, on the cattle trails, and in the Indian wars, also natural history specimens. Its collection includes also manuscripts relating to the ranch industry, complete ledger files of the bookkeeping end of all the large ranches, and copies of some of the first newspapers published west of Fort Worth and Dallas. Many pioneer families have loaned or given to the society their entire collections. Among the important gifts are the Dixon collection given by Mrs. Olive K. Dixon, widow of the man who ended the battle at Adobe Walls by killing the Comanche medicine man; and the collections of Baxter, Dalton, Dowden, Goodnight, Haley, Bigbee, Struder, Lester and the JA Ranch.

"So great has been the response to the call for objects pertaining to the early history of this part of Texas that the museum has outgrown its present quarters—a room in the administration building of the West Texas State Teachers College—and is now planning a building of its own. This building is to be erected on the college campus at a cost of about \$50,000.

"The pioneer of West Texas pride himself on the ownership of guns that were rare in design and sure in hitting the mark. The society's gun exhibit furnishes material for study of these pioneer weapons. There are many flint-rock pistols and cap and ball six-shooters, the long barreled buffalo gun, powder horns, and a shot pouch. One rifle in the collection passed through the hands of three of the best-known characters of the early West, having been given by Kit Carson to Buffalo Bill, who in turn gave it to Charles Goodnight.

"The society's collection also includes specimens of buffalo and Texas steer horns; furniture; an old printing press used in the Panhandle prior to 1898; an Indian carreta; a Comanche burial container; the complete skeleton, strings of beads, bracelets, brass buckles and Spanish bridge bits, and other articles; and Indian material from the Adobe Walls battlefield."

### Track-Layers Set Santa Fe Record

All records for track laying on the Plains division were broken Thursday by the crew at work between Canyon and Hereford, replacing 80-pound steel with 110-pound weight. The crew laid a distance of 7,700 feet, or approximately one and one-half miles.

It is said that this record is about as good as any ever made in track laying on the entire Santa Fe system, and is considered quite a feat.

Prior to setting this record, the track laying crew laid a mile per day for five days in succession, which is also quite a record.

The track laying will be finished about April 27, when the gang will be shifted to Waynoka, Okla., where about 18 miles of track will be laid with 110-pound steel.

### THE PUBLIC SCHOOL SITUATION

By CLYDE W. WARWICK  
(Representative 123rd District.)

Perhaps the most engrossing subject before the Legislature at the present time is the question of school appropriation. This problem comes nearer reaching every citizen of the State than any other question now pending under the big dome at Austin.

Shall the school apportionment remain at \$17.50 for the coming two years, or will it be necessary to reduce this apportionment?

A little history will clear up this problem in the minds of the people and perhaps give them a different light as to what may or may not transpire in the legislative halls before May 13th when the 120-day session will close.

A few weeks ago Superintendent Marrs issued a statement declaring that the common schools must have a five million dollar appropriation from the general revenue in addition to the 35-cent tax rate in order to maintain the apportionment at \$17.50. It was like a bombshell, as it is generally recognized that the general fund cannot stand such an appropriation at the present time.

Just how the apportionment was jumped from \$15.00 to \$17.50 per capita is interesting history.

Two years ago Superintendent Marrs reported to the Legislature that the school fund was sufficient to allow a per capita apportionment of \$16.00. This was a nice increase over the \$15.00 apportionment and the bill was readily passed in the House. Senator Tom Love took this as an opportunity to make political history and amended the bill to increase it to \$17.50. This was done without investigating the condition of the state school fund and with little calculating and to what its true result might be.

At the same time a bill was introduced by Senator Love reducing the scholastic age from seven to six years. It was little realized at the time that this would take \$2,345,000 from the school treasury.

Superintendent Marrs should have known the result of this double-barrel increase on the school fund, but like all politicians seeking to make the best of his administration, he registered no complaint and the Legislature was inveigled into passing both the increase in per capita apportionment and the reduction on the school age.

School districts over the state were forced to make preparation to

take care of the additional children, and at the same time with enlarged per capita no doubt expanded their school program much to the delight of the patrons. It is clearly an embarrassing situation so far as school officials and the legislature is concerned. School trustees have enlarged their programs and increased their faculties on the basis of the added money. Now they are forced to either retrench and reduce their program or increase local taxes to take care of the added program made possible by a large state apportionment. Most districts are already taxed to the limit, so far as local taxes are concerned.

Various efforts have been made to pass a special tax to meet the situation. The most favored special tax among the school people is the cigarette tax. Thousands of letters and telegrams directed by teachers and school boards to members of the legislature have been received urging that the tobacco tax be passed in order to meet the necessary five million deficiency, but the legislature ruled otherwise. The cigarette tax was defeated by a very large majority. Attempts are now being made to place a special tax upon insurance companies. Cigarette dealers protested vigorously when the special tax was proposed, and now the Texas insurance companies claim it will almost bankrupt them if the insurance feature is passed. As this writer has pointed out a number of times, it is practically impossible to pass any special tax measure on account of the protest from the people of the State. Everyone is willing for the legislature to appropriate money for new projects in which they are particularly interested, but all protest if any special tax happens to his their pocketbook.

The State auditor has partially clarified the situation by stating that Superintendent Marrs is mistaken in his figures and that the apportionment may be able to reach \$16.25 without a special apportionment. A bill is pending to change the scholastic age back to seven years. This would save two and a half million, but it is being vigorously protested.

So far as West Texas is concerned, our schools would be greatly benefitted if the legislature would pass a bill sponsored by Superintendent Marrs to base the school apportionment upon actual attendance. West Texas children attend school. East Texas children do not, but the fact that apportionment is drawn for every negro and very meager school facilities are provided for the negro. It is conservatively estimated whereas the white children of West Texas draw \$17.50 per capita, the white children of East Texas are drawing double that amount on account of the small attendance of the negro.

While discussing financial questions, it is well to explain the fallacy of the eleven million dollar deficiency in the state treasury at the end of the present biennial as was presented this week in the daily newspapers. This deficiency was based upon false premises. It is agreed that the state will have

an actual deficiency upon September first of this year. The eleven million dollar deficiency as set forth for September first, 1933, was based upon the supposition that the legislature would pass the appropriations bills just as written by the Board of Control; and that the State tax rate would remain at 27c.

The legislature is cutting the recommendations of the Board of Control to a very great extent, and it is quite certain that Governor Sterling will not make the serious mistake that Governor Moody made in demanding a low tax rate. Of course he is going to demand economy in all branches of government but he is not afraid of a tax rate which will adequately support the state institutions.

The highway situation remains unsolved. The Senate has passed the constitutional amendment providing for a double-barrel proposition in the bond issue.

The House has passed a bill using one-fourth of the gasoline tax to refund the bond issues made in the past by the counties for highway construction. This latter project was proposed in the House by those opposed to the bond issue and was passed for the purpose of killing the submission of the bond issue to the people. Just what will happen to the bond issue in the House or the refund bill in the Senate is problematic. As a result of the varying opinions the bond proposal may fail.

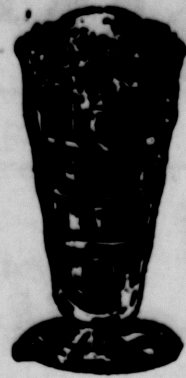

The bill allowing A. & M. College to benefit from the oil royalties of the University of Texas was signed by the Governor last week. As a result of the agreement for the division of the proceeds of this seventeen million dollar permanent fund, the A. & M. College will no longer benefit from direct appropriations for buildings but will rely upon interest as has the University in the past.

The Senate has passed a bill providing a local option feature for Sunday picture shows. This bill was passed two years ago but was vetoed by Governor Moody. It is the position of most people that the present Sunday closing law should be repealed or modified. It is impossible to enforce the law as at present on the statute books.

The Senate has passed the constitutional amendment providing for the repeal of the state ad valorem tax, in the course of seven years. It certainly would be folly for Texas to outright repeal its only certain tax in order to rely upon a proposed income tax or a special tax upon industries and businesses.

Authors of bills sometimes find themselves in the peculiar circumstances of being forced to vote against their own measure. This was true last week in the truck regulation bill when so many amendments were tacked on the measure the author repudiated his own child. The same is true of the intangible tax measure introduced by Gilbert of Eastland. He introduced a measure placing an intangible tax upon public utilities. By a chain of peculiar circumstances, the utilities were exempt and about fourteen thousand corporations found themselves facing this intangible tax as a result of amendments tacked on the bill in the committee room. The measure will likely fall in passage, but this simply shows how the author sometimes loses complete control of his project.

The people of Texas are wondering what the up-shot of the present session of the Legislature will be. Many have expressed disappointment of the output so far this

session. Senator Walter Woodward, a veteran in legislative halls, summed up the situation as follows: "The 42nd Legislature has been the hardest working body I have ever observed to produce such a small amount in the bulk of legislation. However, the legislature is not to be condemned, for most of the pending bills could be killed without affecting the people in general." In other words, as has been wisely pointed out time and again, the least governed people are the best governed people.

### Margarine Tax Receives State-Wide Approval

AUSTIN, April 15.—Support of the Tarwater bill for a three cents per pound tax on oleomargarines has been pledged by creameries, dairy herd owners, and individuals interested in promotion of the dairy industry, according to Representative A. B. Tarwater of Hale Center, sponsor of the measure.

The bill also was endorsed by the state commissioner of agriculture, who pointed out that the tax measure would not adversely affect any Texas product, since margarines

now are made principally of palm and coconut oils.

Texas is one of five states, Representative Tarwater said, which now has no restrictions on the sale of margarines. In 33 of the states, additional legislation is pending.

Formerly beef fats, cottonseed oil and peanut oil were used in the manufacture of this product, but the imported oils have virtually replaced these domestic oils in the manufacture of the butter substitute.

With the growth of the dairy industry, a large part of the cottonseed formerly used to make oil for margarines now goes into the manufacture of cottonseed cake as a feed for cattle.

Government tests have established that the food value of margarines as compared to butter is negligible, Representative Tarwater stated. He stressed the point that margarine, in direct competition with butter, is manufactured from oils which are produced by the cheapest of foreign labor.

Some men never think of their innocent wives or their invalid mothers until they get in jail.

Nowadays the shortest distance between two points depends upon the horse-power of the car.

No pilot, says the office sage, wants to show what his plane's cracked up to be.

## To Whom It May Concern

ALL PERSONS having unsanitary cow lots and hog pens are requested to clean them up, and do it now, for they are the breeding place of flies which are rapidly hatching out, thereby becoming a menace to the health of the community.

THE ONLY WAY to have a sanitary cow lot is to clean it up. That means to haul off all manure, pile up the droppings every morning, and sprinkle with lime.

AN UNSANITARY LOT is a menace to the public health, and thereby becomes a public nuisance and will be dealt with accordingly.

Respectfully,

F. M. WILSON, M. D.

City Health Officer.

By order of City Commission.

### Mr. and Mrs. Carl Scott Entertain With Bridge Thursday and Friday Evenings

Springtime was suggested in the decorations at the lovely functions which took place at the home of Mr. and Mrs. Carl Scott, 3701 Second avenue, Thursday evening and Friday evening when Mr. and Mrs. Scott entertained a number of their friends.

Bouquets of sweet peas and roses decked the receiving rooms and the suite where tables were placed for bridge. The spring motif was accentuated in the tallies and score pads and designs in harmony with the games were used in the refreshing ice course served on each occasion.

#### Thursday Evening

The guest list for Thursday evening included the following: Mr. and Mrs. T. S. Maxwell, Mr. and Mrs. J. Madison Daugherty, Mr. and Mrs. Ed Mickle, Mr. and Mrs. Ralph Harter, Mr. and Mrs. Frank Hicks, Mr. and Mrs. Cecil Newberry, Mr. and Mrs. Andy Walsh, Mr. and Mrs. H. W. Hartman, Mr. and Mrs. Harry Wood, Mr. and Mrs. Dewey Foster, Mr. and Mrs. Lonnie Nash, Mr. and Mrs. Clyde Davis and Mr. and Mrs. Robert Foster.

#### Friday Evening

Seated for the games the following evening were: Mr. and Mrs. H. F. Smith, Mr. and Mrs. Lee Foster, Mr. and Mrs. Felix Neff, Mr. and Mrs. Bartow Johnson, Dr. and Mrs. E. J. Cundiff, Mr. and Mrs. Billy Bourn, Dr. and Mrs. H. G. Grainger and Miss Allyn Simmons.

LUMBER COMPANY

### MRS. LAUGHERY IS HOSTESS TO CIRCLE

Circle 1 of the Baptist Missionary society met Tuesday afternoon at the home of Mrs. W. E. Laughery with eight regular members, one new member and one visitor present. An interesting lesson was discussed.

The circle will meet with Mrs. Cole Tuesday afternoon, April 21, at which time the lesson will be held on the last eight chapters of Job. Every member is urged to be present and to study the missionary program for the fourth Tuesday.

### LOVELY RECEPTION GIVEN THURSDAY AT RANDALL HALL

Miss Edna Graham, Mrs. Sue Donald, Mrs. F. E. Savage, and Mrs. H. A. Brown were joint hostesses Thursday evening, April 9, when they entertained with an informal reception at Randall Hall. The affair honored members of the Mary Maids and Matrons and their husbands.

Throughout the rooms were baskets of sweet peas, roses and snapdragons in pastel tints. Mrs. Agnes Smith, Mrs. Sue Donald, and Mrs. F. E. Savage greeted the guests. An informal program was presented for the entertainment.

Those present were Mrs. F. E. Savage, Mrs. Sue Donald, Mrs. H. A. Brown, Mrs. Henrietta Scott, Mrs. J. A. Jameson, Mrs. Agnes Smith, Mr. and Mrs. Harris M. Cook, Mr. and Mrs. Dan Usery, Mr. and Mrs. Felix Neff, Mr. and Mrs. L. A. Osgood, Mr. and Mrs. R. A. Terrill, Mr. and Mrs. C. M. Humphries, Mr. and Mrs. C. A. Murray, Mrs. T. B. McCarter, Mr. and Mrs. T. M. Moore, Mr. and Mrs. J. A. Hill, Mr. and Mrs. S. H. Condon, Mr. and Mrs. Albert Barnett, Mr. and Mrs. C. E. Strain, Mr. and Mrs. J. C. Wallingford, Mr. and Mrs. L. E. Ayneworth, Mr. and Mrs. Frank Phillips, Mr. and Mrs. Cliff Jarrett, Mr. and Mrs. J. L. Duffot, Mr. and Mrs. John Humphreys, Miss Edna Graham, Miss Tennessee Malone, and Miss Florence McMurtry.

The bride is the daughter of Mr. and Mrs. A. V. Nelson of Claude and attended school here in 1929. Mr. Bourn is the son of Mr. and Mrs. J. W. Bourn of Canyon and also attended school here during 1929.

The couple will make their home in Canyon where Mr. Bourn is a representative of the Colorado State Life Insurance Company.

MISS CHRISTOPHER ENTERTAINS MONDAY

Entertaining with two tables of bridge, Miss Laura Christopher was a charming hostess at the home of Mrs. L. G. Allen, 1908 Fourth avenue, Monday evening. Tallies and score pads bearing spring designs were used at the games. A delicious refreshment course was served.

Those playing were: Miss Alice Dawes, Miss Hazel Allen, Miss Josephine Duffot, Miss Pearl McClure, Mrs. Bob Foster, Miss Margaret Justice, Miss Beth Pitts and the hostess.

### MRS. BRISCOE HOSTESS TO LOYAL DOZEN FRIDAY

Mrs. V. L. Briscoe entertained the members of the Loyal Dozen club at her home Friday afternoon. Sewing and chatting furnished the diversion for the afternoon.

A refreshment course of ice cream and cake was served to the following members and guests: Mrs. Victor Steen, Mrs. Lee R. Johnson, Mrs. Norval Dickerson, Mrs. Alex Love, Mrs. Terry Mayben, Mrs. Ed Phillips, Mrs. Noel Becket, Mrs. C. C. Morton, Mrs. George Small, and Mrs. Felix Pierce.

### SAUNDERS AND HIBBETS HONOR MRS. GEORGE WOOD

Mrs. Laura Saunders and Miss Anna I. Hibbets honored Mrs. George Wood, who left Friday for California after an extended visit with Mr. and Mrs. L. A. Osgood, with a dinner party at the Kerr House Tuesday night, April 7.

Those present included Mrs. George Wood, Mr. and Mrs. L. A. Osgood, Miss Ima Barlow, Miss Ruth Cross, Miss Marian Nornington, Miss Hattie M. Anderson, Miss Anna I. Hibbets and Mrs. Laura Saunders.

### JOLI MARDI MEETS FIFTH MRS. EDWARDS

The bi-monthly meeting of the Joli Mardi club was the occasion for an entertaining bridge party at the home of Mrs. J. A. Edwards Thursday afternoon. Spring designs were depicted on the tallies and at the tea hour an ice course was served.

Those present included: Mrs. Felix Pierce, Mrs. Clifton Duke, Mrs. Bartow Johnson, Mrs. Lonnie Nash, Mrs. Jasper Atkins, Mrs. Dee Lowry, Mrs. Jim Blair Redfearn, and Mrs. Clyde Johnston.

The next meeting of the club on Thursday, April 23, will be with Mrs. Johnston.

### W. T. Track Team To Contest N. M. M. I. Squad Saturday

On next Saturday, April 18, the thinly clad under Coach S. D. Burton will journey to Roswell where they will engage the track squad of New Mexico Military Institute in a dual track meet. This will be the first competition the Buffalo track men have met this year. Prospects for a winning team are less bright than in some former years, but Coach Burton expects to have rounded the squad into an A-1 track team before the season is over.

Tryouts for the N. M. M. I. meet were held in a number of events last Friday. No very good time was made in any of them because of a strong wind and a slow track.

Those men placing in each were: (1) 110-yard dash, Crouch, first; Powell, second, and Brotherton, third; (2) mile run, Covington, first; Swafford second; Fowler, third; (3) 120-yard high hurdles, Fortenberry, first; Cooper, second, and Morris, third; (4) 220-yard dash, Crouch, first; L. Harris, second; Rudolph, third; (5) 440-yard dash, Keith, first; Richards, second; Duncan, third; (6) 220-yard low hurdles, Brotherton, first; Leon Penick, second; Rudolph, third; (7) 880-yard run, L. B. Penick, first; Johnson, second; Covington, third.

The results in field events were as follows: (1) Shot put, Hargrove, first; Fortenberry, second; Rudolph, third; distance, 35 feet, 3 inches. (2) High jump, Fortenberry, first; Powell, second; L. B. Penick, third; height, 5 feet, 10 inches. (3) Broad jump, Powell, first; Leon Penick, second; L. B. Penick, third. (4) Discus throw, Hargrove, first; Fortenberry, second, and Newton, third; distance, 115 feet, 1 inch.

Technicolor is nice, but couldn't they find a less expensive way to blur a picture?—San Angelo Times.

### Run-Down, Weak, Nervous?

To have plenty of firm flesh and the ability to do a big day's work and feel "like a two-year-old" at night, you must relish your food and properly digest it. If you can't eat, can't sleep, can't work, just give Tanlac the chance to do for you what it has done for millions.

Mrs. Fred Westin, of 387 E. 57th St. North, Portland, Ore., says: "Tanlac cured my stomach trouble completely after three years suffering. It built me up to perfect health, with a gain of 27 lbs."

Tanlac is wonderful for indigestion—gas pains, nausea, dizziness and headaches. It brings back lost appetite, helps you digest food, and gain strength and weight. No mineral drugs; only roots, barks and herbs, nature's own medicines. Less than 2 cents a dose. Get a bottle from your druggist. Your money back if it doesn't help.

### News in Canyon 25 Years Ago

(From the files of the Canyon City News, Fri., Apr. 13, 1906.)

George Burness, the operator taking Rogers' place at the depot, is from Michigan, single—but wants to marry.

A. Ernberger and wife, Misses Donald and Long attended the Panhandle Teachers Association that was held at Amarillo Friday and Saturday.

"Old Lady" Tipton, living down on the canyons, died suddenly Sunday night. She had just finished a hearty supper when with a gasp she passed away. The funeral was at Claude, Monday.

The Ladies' Aid Society of the Baptist church will give a pie supper at George C. Long's residence Friday night, April 27. Charges 15 cents.

A good house greeted Miss Ladd's entertainment at the Methodist church Tuesday night.

Oscar Hunt left the first of the week for Mineral Wells. Harry Howell returned this week from Plainview where he has been attending to telephone business.

Sheriff Slover lost his man, J. T. Smith, that he went to Ashville, N. C., after. While in the Mississippi bottoms, near Moscow, Smith either jumped out of the passenger car window or got out through the hole in the car floor.

**Births**  
April 8—To R. M. Peeler and wife, another boy.  
April 9—To George Black, Jr., and wife, a girl.

### An Eminent Physician Prescribed this Tonic

As a young man Dr. R. V. Pierce practiced medicine in Pennsylvania. His prescriptions met with such great demand that he moved to Buffalo, N. Y., and put up in ready-to-use form his well-known tonic for the blood, Golden Medical Discovery. It aids digestion, acts as a tonic, and enriches the blood—clears away pimples and annoying eruptions and tends to keep the complexion fresh and clear. This medicine comes in both fluid and tablets. Ask your druggist for

### Marriage of Robert H. Berryhill to Austin Girl is to Take Place in June

Announcement was made this week that the marriage of Miss Dorothy Elizabeth Lucas, daughter of Dr. and Mrs. George Briggs Lucas of Austin, to Mr. Robert H. Berryhill, acting head of the piano department of the West Texas State Teachers college, will be solemnized at the Lucas colonial home in Austin in early June. The marriage will culminate an engagement of a year, which began when both were in school at the University of Texas. Mr. Berryhill is in the graduate school.

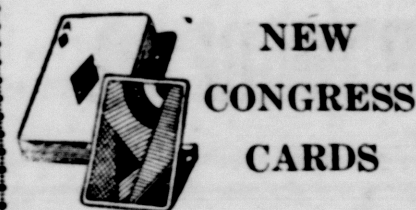

Miss Lucas is a senior in the University of Texas, having been, at 15, the youngest of 1,500 freshmen entering. Besides having a high scholastic standing, she has been on the staff of the "Daily Texan," the paper of the University of Texas, is a member of the Women's Athletic association and appeared in the recitals of Orchestras, sorority of dancers in the university.

Last year Miss Lucas was elected out of 3,000 girls as a candidate for the beauty page of "The Cactus," yearbook of the university, and was presented in formal attire as a "University of Texas Beauty" in the Round-Up Revue on April 11.

Miss Lucas has spent several summers in Chicago, New York and Los Angeles studying dancing and will study the coming summer in Paris under Monsieur Yves Brioux of the Paris Opera.

The Lucas family is well known in the Panhandle as they spend several months each year attending to their local wheat and oil interests.

Do your shopping in Canyon.

### NEW CONGRESS CARDS

The new fancy backs on Congress cards combined with their usual high quality give you the best deck of cards you ever had. Attractively boxed in lavender and silver cases of suede velour. Be sure you have enough for your next party.

### MRS. SHUMAN AND MISS FRIEZE ENTERTAIN

Entertaining the members of the Business Woman's club Mrs. Vincent Shuman and Miss Lorena Frieze were hostesses at a delightful Easter party at the home of the former, 1909 Eighth avenue, Wednesday afternoon.

The guests, dressed in outdoor clothing, arrived at 7 o'clock and after being presented with dainty crepe paper baskets participated in an Easter egg hunt on the grounds adjoining the Shuman home. Miss Patsy Van Dyke received a prize for finding the golden egg and Mrs. Alvin McDonald for finding the greatest number of eggs.

Delicious refreshments were served as the guests assembled around the campfire. Stories, jokes and stunts, were the order of the program for the rest of the evening.

Those present included, Mrs. W. A. Warren, Mrs. Harvey Cash, Mrs. Hubert Hartman, Mrs. Cecil Newberry, Mrs. Clyde Davis, Mrs. Earl Robbins, Mrs. Ed Mickle, Mrs. Oscar Gamble, Mrs. Alvin McDonald, Mrs. Gladys Beavers, Miss Irene Presley, Miss Patsy Van Dyke, Miss Marie Wallace, Miss Nann Weir, Miss Winnie Davis, Miss Christine Upchurch, Miss Emil Brewer, Miss Lillian Atkins, and Miss Minnie McCarty.

### CLEO BOURLAND CELEBRATES BIRTHDAY

Young Miss Cleo Bourland celebrated her tenth birthday Tuesday afternoon with a lovely party at the home of her parents, Mr. and Mrs. G. B. Bourland.

Both out-door and in-door games were enjoyed during the course of the afternoon. The honoree was showered with a number of attractive gifts. Delicious refreshments of angel food cake, and pineapples topped with whipped cream were served to the guests.

Those present included: Alice Wallace, Mildred Warren, Mary Vivian Ford, Wilma Gillespie, Lela Louder, Bonnie Ray Whittenburg, Elizabeth White, Evangeline Baker and the hostess.

### THERESA ROBINSON ON TECH HONOR ROLL

Miss Theresa Robinson has the honor of being placed on the honor roll of Texas Technological college for the winter term at that institution. She made an average grade of B on 16 term hours of work.

Miss Robinson is a candidate for a B. A. degree in June. She is the daughter of Mr. and Mrs. W. M. Robinson of this city.

### MRS. MAXWELL HOSTESS TO 1925 BRIDGE CLUB

Mrs. T. S. Maxwell was a charming hostess when she entertained the members of the 1925 Club at her home Wednesday afternoon. Spring designs were carried out in the decoration and the tallies and score pads arranged for bridge. At the close of the play a tasty salad course was served.

Seated for the games were: Mrs. Hud Prichard, Mrs. Frank Phillips, Mrs. Burt Newlin, Mrs. Felix Neff, Mrs. J. Madison Daugherty, Mrs. Carl Scott, Mrs. L. Angel, Mrs. Clarence Thompson, Mrs. Mrs. Charles Flesher, Mrs. N. E. McIntire, Mrs. Clyde McElroy, Mrs. William Ash, Mrs. Ray Campbell, Mrs. Joe Black, Mrs. Sanford Black, Mrs. Jack Boutwell, Mrs. J. M. Lybrand, Mrs. Lee Foster, Mrs. Andy Walsh, Mrs. Mark L. Foster, Mrs. O. W. Gano, Mrs. Harris M. Cook, Mrs. J. L. Duffel and Mrs. Dan Sanders.

### MRS. SHUMAN GIVES DISCUSSION AT CLUB

Mrs. Lawrence Shuman had charge of the program at the meeting of the Junior Woman's club Monday afternoon and gave an interesting discussion on highways. Highway No. 20, or the Yellowstone Trail and the Yellowstone Pacific highway was the first roadway discussed. She also spoke to some length about Highway No. 81 or the Meridian highway.

During the business meeting the members discussed plans for a social to be held during the latter part of the club year.

Those present were: Mrs. Joe Black, Mrs. Levi Cole, Mrs. Lige Frieze, Mrs. Toft Lair, Mrs. Claude Moore, Mrs. M. L. Saddoris, Mrs. Carl Scott, Mrs. A. L. Walsh and Mrs. Lawrence Shuman.

### MRS. W. M. BARNARD HOSTESS TO CIRCLE

The Third Circle of the Baptist Woman's Missionary society met with Mrs. W. M. Barnard at the home of Mrs. J. B. Hensley on Second avenue, Tuesday afternoon. Eleven members were present.

Mrs. E. Phillips led the devotion-al and the lesson was conducted by Mrs. Carl Laughery. Refreshments of ice cream and cake were served.

The next meeting of the society will be with Mrs. Henry Cone.

### SOCIETY TO MEET WITH MRS. CLYDE McELROY

The Methodist Missionary society will meet Tuesday, April 21, at the home of Mrs. Clyde McElroy. Mrs. I. C. Jenkins will have charge of the program for the day.

Hugh Hale of Amarillo visited friends in Canyon, Sunday.

## LOCAL NEWS

Miss Columbia Redfearn visited in Amarillo Wednesday afternoon. D. A. Shirley and Earl Robbins will leave Sunday as delegates to the Rotary convention at Plainview.

James Cole and Mr. and Mrs. Levi Cole spent Sunday in Plainview in the home of S. C. Cole.

## Churches

### EPISCOPAL CHURCH

Sunday school will be held next Sunday afternoon at 4 o'clock, with Mr. Robert Berryhill as superintendent.

Evening prayer will be conducted by Mr. Madeira, at 7:30 o'clock on Sunday, with sermon by the rector. Mrs. Page's Bible class will meet as usual on Monday evening at 7:30, at the Little House of Fellowship.

Everyone interested is cordially invited to attend all of these services.

### CHURCH OF CHRIST

1700 Third avenue. "Bible Only Makes Christians Only."

Two good services last Sunday. Especially a large attendance at the evening hour. The church is doing its utmost to comply with the divine injunction to "Preach the Word," and it to the exclusion of all else. If you want the true bread of life and rest we invite you to worship and study with us. The Bible is our only guide.

Sermon for Sunday morning is "Emphasizing Aright" and at the evening hour, "Seeing Things Alike." Can we all understand the Bible alike? Come and hear. Your clothes are good enough. Come! No Creed but Christ, No Law but the Lord's, No Book but the Bible, No Name but the Master's. Everyone is friendly—For a greater service.

JOHN O'DOWD, Minister.

### Sunny Hill School

Mr. and Mrs. J. T. Sykes were visited Saturday by relatives, Mr. and Mrs. Miller and family of Plainview. In the afternoon Nell and Wayne Miller, Bertha, Alvis and J. Sykes Jr., Adlyne and Louise Groom went to the canyons.

Mr. and Mrs. Hallabough and family visited in the R. B. Elliot home Sunday night.

We have three new pupils in school. They are Opal, Hazel and Lois Davis.

Mr. I. H. Hallabough, Sr., of Amarillo, visited in the home of his son, I. H. Hallabough, Jr., Sunday.

The Sunday school elected new officers Sunday.

Brother Smith preached here Sunday. Others who attended the services here were: Messrs. Lindsey and Bandy and Mr. and Mrs. S. L. Robinson.

## Iams Art Exhibit Leaves W. T. After Week's Showing

Throughout the past week, beginning on Saturday, April 4, the Phidias Art Club has sponsored an exhibit of the work of J. Howard Iams of Washington, Pennsylvania. In the art room on the second floor.

The exhibit of Mr. Iams' work was removed yesterday. While here it was visited by many people, both students and townspeople. The pictures were principally pencil drawings, only two oil paintings being among them.

This is the third art exhibit to be sponsored by the Phidias Art Club this spring. The club is doing a great deal along this line to further the local interest in art, and to give more people an opportunity to gain a true appreciation of the artistic values in pictures.

## Noted Actress Of Stage Will Be In Amarillo April 17

Ethel Barrymore, foremost actress on the English-speaking stage, will appear in Amarillo under the management of Lee Shubert in "The Love Duel," adapted from the Hungarian play of Lili Hatvany by Zoe Akins, in the Amarillo Municipal auditorium for one night only, Friday, April 17.

Through the fact that Ethel Barrymore is the sister of John and Lionel Barrymore, famous movie stars, and sister-in-law to Dolores Costello, considered one of the greatest emotional actresses of the screen, she needs no introducing to the movie-going public of today.

Playgoers will be interested in the debut of Ethel Barrymore and John Drew Colt, daughter and son, of the noted actress. They represent the ninth generation of the Barrymore-Drew family in the theater.

Ethel Barrymore's leading man is Walter Gilbert. Though always interested in the stage, he was destined by his parents for law. The boy spent his idle moments loitering around a stock theater in Brooklyn and it so happened that he made his stage debut with this company.

Others in the cast of "The Love Duel" are: Jane Bramley, George Drew Mendum, Anita Rothe, Carol March, Harry Plimmer, William Kershaw, Marcel Dill, Malcolm Soltan and Charles Quigley.

In "The Love Duel" Miss Barrymore is seen as a brilliant society woman, cynical, beautiful, irresistible, waging the eternal war between sexes. This play was acted by Miss Barrymore in her own theater in New York City and in all the leading cities of the United States from the Atlantic to the Pacific coast.

Glancing over the unusual, long list of stage portraits Miss Barrymore has drawn, the variety displayed is impressive. Here Shakespeare, Sheridan, Pinero, Barrie, Henry Arthur Jones, Somerset Maugham, Galsworthy, Wilde and Sierra are represented. During her notable career she has ranged through a series of plays equalled by no other living actress and surpassed by only the great players of past generations.

The show is being brought to Amarillo through the efforts of the Tri-State Fair Association. Mail orders are now being received by Wilbur C. Hawk, president of the association. Seats are selling for \$1, \$1.50, \$2, \$2.50 and \$3.

### NAME 2 COUNTY TRUSTEES IN RECENT ELECTION

According to the votes canvassed by the County Commissioners Court in session this week the returns of the recent trustee elections gave Frank R. Phillips re-election as county trustee at large, and C. R. Strong was elected as county trustee from Precinct 3.

Mr. and Mrs. Alfred Black and children of Goodnight visited Mrs. Black's father, R. W. Ratcliff, here Sunday.

## A CHANGE OF DIET!

### Fairview Breezes

Everyone was glad to see the good rain which fell Wednesday night. It will certainly do the wheat, gardens and other crops good.

Most of the farmers are planting their gardens now. Some of them have already planted their.

Miss Elva Gilham spent Friday night with Miss Iva Lee James.

Mrs. Claude Tucker, Mrs. W. B. Williams and daughters, also Mr. Felix Legate returned home Thursday after a few days visit with relatives here. Mrs. H. M. Kinsey returned with them. She will visit her parents and other relatives while at Childress.

Misses Annie Washburn and Opal Sutton spent Saturday with Mrs. H. H. Sutton.

Mrs. E. P. Wesley and sons spent Saturday with Mrs. A. E. Wesley.

Mr. and Mrs. E. P. Wesley and sons, Mr. and Mrs. Otto Langston and children, Mr. and Mrs. A. E. Wesley and baby were guests in the H. E. Wesley home Sunday.

Mr. and Mrs. H. H. Sutton and son, and Miss Opal Sutton spent Sunday in the Belle Washburn home.

Mr. and Mrs. W. M. Kinsey and Homer Kinsey spent Sunday in the Albert Legate home.

Mr. Bill James and family and Miss Elva Gilham were callers in Tulsa, Saturday.

Dorothy and Charles Cook spent Sunday with Beatrice Clifton.

Erma Mae Sutton spent Sunday night with Mrs. A. E. Wesley.

The singing at the J. H. Holley home Sunday night was enjoyed by all present.

The husbands of Canyon never forget their courting days — their wives constantly tell them about the time when—

Parents would take more care in educating their children if they stopped to realize that a child sees only what he is taught to see.

Farming pays in Randall county.

## AFTER THE FIRE what?

Will you have to start from the beginning again... and save and save for a home? Or will the fire insurance companies cheerfully and promptly assume all losses?

### Umbarger Items

The dance given in the Umbarger hall Friday night was attended by a large crowd and all reported a good time.

Mr. and Mrs. Rudolph Friemel spent Sunday in the Joe Friemel home.

Mr. Skypala is driving a new Ford car.

Mr. and Mrs. William Bauer were in Canyon, Tuesday.

Mrs. E. J. Friemel was in Hereford, Saturday.

Mr. and Mrs. Fisbacher spent Sunday at the home of Mr. and Mrs. M. Hollenstein.

Mr. and Mrs. Leo Stocker were in Canyon, Tuesday.

Mr. and Mrs. George Grimm spent Sunday at the home of Mr. and Mrs. Leo Stocker.

Mrs. Hancock and Mrs. Elizabeth Elodge were in Amarillo, Monday.

Mrs. Hopkins was in Canyon Saturday.

Mr. M. Hollenstein was in Canyon, Monday.

Miss Tegeler spent the week-end in St. Francis.

Miss Emma Hollenstein spent Sunday with Miss Elizabeth Wiek.

Miss Viola and Bertha Bedank spent Sunday with Miss Adelia Friemel.

### Wayside Items.

Winter lingers in the lap of spring. Still cool, vegetation slow in growth.

Wheat seemed badly bitten by cold during the March blizzard. It is coming out wonderfully at present and beginning to wave in some fields. Gardens will be late. Prospects are good for cherry crop in some orchards.

J. R. Stockett left Friday to take his parents to Tucumcari, N. M., to visit their son, Isaac, after which they will return to their home in Arizona. They have spent the winter in Texas with their sons, W. R. and J. R. Stockett.

Sunny Hill singing class is invited to attend a pie supper at Wayside Friday night which will be the close of the singing school here. We trust there will be a good attendance.

M. L. McGehee employed J. R. Stockett to move the house in Happy park to Pleasant Draw on his ranch, and to also drill a well near the house last week.

Mr. and Mrs. B. F. Willhelm of Amarillo spent Tuesday night at the home of W. I. Lanes. They have both been quite sick recently. Mrs. Bell of Tulsa, her mother, spent three weeks with her while she was sick.

Mrs. Bessie Lane visited Miss Sallie McGehee in Canyon, Wednesday night. Thursday they with Mr. and Mrs. I. C. Jenkins and Merle, ate birthday dinner with S. B. Rogers, being his 82nd birthday. Fletcher Rogers and wife of Happy visited him in the afternoon.

A play, "Those Husbands of Ours," will be presented by Wayside ladies in the school auditorium Saturday night, April 18. All are invited.

John T. McGehee and son, J. T., left Friday to move the former's bunch of cattle near Tulsa to his ranch near Mills, N. M. They will be gone several days.

Born to Mr. and Mrs. Lal Laycock, near Claude, March 28, a seven-pound boy, William Dale.

Lou Graham's garden for her last Saturday.

Roy Franklin has gone to Dalt to run a filling station for William Payne. His face is almost healed from wire cuts. Success to you, Roy.

## Hereford Chorus Presents Cantata Here Sunday Eve

The Hereford Municipal Chorus, directed by Ardelle S. George of Canyon, presented the cantata, "Calvary," in the auditorium of the Administration building Sunday evening at 8 o'clock, to a large and appreciative audience of college and town people.

This chorus rendered the same cantata at Hereford the preceding Sunday evening, and received such popular favor that an invitation was extended for its rendition in Canyon. The Hereford Municipal Chorus is not unknown in Canyon, having given an Easter cantata at the First Baptist church here last year.

In its production Sunday evening the chorus again showed itself to be a well-organized and well-trained group able to present a most effective choral program. Mr. Earl Robinson is bass soloist for the group, and Mrs. Harry Seed accompanist. During the evening two numbers were given by a violin trio composed of Mrs. A. C. Thompson, Mrs. Paul Foster, and Mr. Ralph Smith, with Miss Rosella Veasey as accompanist.

### LOCAL NEWS

Congratulations. Irving Lane of Wayside attending Canyon high school, had his left arm broken near the wrist while playing football last Thursday. Several hours elapsed before it was decided it was broken. Dr. Donnell was called after midnight to set it.

Mr. G. W. Franklin plowed Mrs.

C. F. Wolfe and son of Fredrick, Okla., were here Wednesday looking after business interests. They own farm land west of town.

Mrs. H. P. Carr of Hollywood, Calif., arrived recently for an extended visit in the home of her aunt, Mrs. H. C. Roffey.

Elton Jones, editor of the Happy Herald, was here Tuesday.

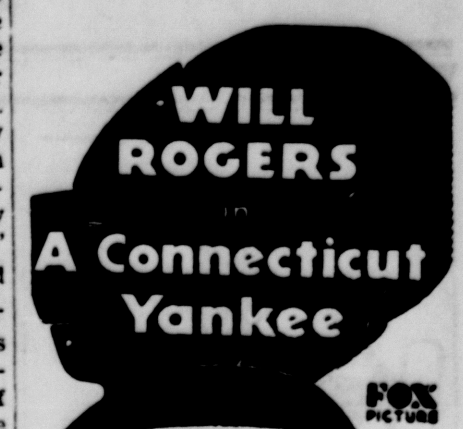

## HEALTH GROUP URGES MORE MILK FOR CHILDREN

According to a committee report made to the recent White House conference on child health, "the consumption of fluid milk in the United States is too low for proper and economical human nutrition."

Every educational facility should be used to acquaint both adults and children with the desirability of consuming milk and dairy products in adequate amounts.

Here is a hint for parents and teachers. It is said that consumption of substitute milk products is high—but, according to Anna Stapler, of the Dairymen's League of New York, though they taste the same, they are lacking in vitamin content. Milk and its by-products are cheap—and their consumption is one of the ways of improving the health of the race.

# THE EAGLE'S TALE

VOLUME NO. 5

CANYON, TEXAS, APRIL 16, 1931.

NUMBER 29

CACTUS CAL

Last week I was wondering about the outcome of track season and nature's phenomena, principally the length of Slat's legs and such stuff. While we don't have a star team we do have a better one than we have had in several years. I was wondering what the "L" on Louis sweater stood for; it stand for "Laura Lane. "Ain't that correct?" Ow, shucks! I can't write about love so I'll try to write something more solid. Desks, for instance.

As I sit here in this desk to compare this masterpiece, I mean Lotta Bunk. I can't help but notice the records of undying love printed, scratched, and carved on its surface. This desk will probably be immortalized because I wrote of it, but it is ruined because it is written on. The only things I can't find on this desk are loath paste advertisements and how to make biscuits. As you gaze on the dimensions of this desk memories of the young, sweet, and tender loves of your children will come to you and the conviction that some people cannot draw or print. Thank Hoover prosperity, that there are only 238 violent lovers and lovers in this domicile of torture. I sometimes doubt this quotations from Shakespeare after

## HEAL YOUR SKIN

from within with this new strength

Miss Mary Bank, Clearwater, N. Y. writes: "My face was blemished with many pimples. No treatment I used did them any good. I also had boils. My appetite was poor. My weight was off and I felt nervous. After taking S.S.S. my complexion cleared up beautifully. My appetite improved. I now rest well at night and am greatly benefited in every way." You, too, will want to take S.S.S. Select the larger size as it holds double the quantity and represents a price saving.

Every Spring take S.S.S. Tonic

### Chapel

For the second time during this school year the students of Canyon High School have enjoyed a very entertaining program presented by Miss Betty Weter and Mrs. Lee Foster who are in charge of the music and speech departments of Canyon High.

For the opening numbers Mrs. Foster played "Hungary Rhapsodie Mignorme" and "First Mazurka in G," after which Miss Weter read the one-act play entitled "Rosalie." In closing Mrs. Foster played "Nola" and "Shepherd's Lullaby," all of which was enjoyed very much.

### FACULTY GOES TO LUBBOCK

Twelve members of the Canyon public school faculty attended a meeting of the Northwest Texas Teachers Association in Lubbock April 10 and 11.

This association is composed of the counties in Northwest Texas and is a branch of the Texas Teachers Association. Between seven and eight hundred teachers were present. Canyon was represented by a larger percentage of teachers than most of the schools.

### C. H. S. LOSES

The Amarillo High School net men decisively defeated the Canyon High boys in four matches played Friday, April 10.

The Amarillo men completely outclassed the Canyon boys, the only close set being the first set of boys doubles which was 6-8.

Texas again in 1930 ranked eighth among the American states in electrical output and was one of the few states to show a substantial gain in the total, 2,918,000 kilowatt hours.

Texas again in 1930 ranked first among the states in production of natural gas.

looking on some desks, "All the world loves a lover!"

### C. H. S. Takes Two Places In Latin Tourney

Katherine Robinson, a sophomore, took first place in second-year essay writing at the Latin tourney held in Lubbock April 10 and 11. The title of her essay was "The World's Debt to Caesar."

George Brewer, a freshman, placed second in first-year essay writing.

Other entrants were Verline Furlow and Earle Richie who entered in tests.

Miss Mattie Jordan is Latin instructor.

Friday evening, April 10, the Senior girl members of the speech department were presented in a recital.

Lucile Davault was unable to be present, due to sickness. Misses Charline Wiseman, Amogene Fowler and Bettye Seernenberg were presented.

### KNOW TEXAS

Texas ranks third in production of natural gasoline with a 1930 total of 422,300,000 gallons, about one-fifth of the total in the United States, which is 90 per cent of the world's production.

Texas in 1930 produced 389,000 ounces of silver, 176 ounces of gold, 400,000 pounds of lead and 120,000 pounds of copper—all decreases resultant from the closing of a mine at Shafter, which is to be reopened this year.

Texas lands and improvements are valued at \$7,000,000,000 by the state department of agriculture.

Texas raised \$8,000,000 worth of turkeys, \$17,000,000 worth of chickens, \$27,500,000 worth of eggs and \$120,500,000 worth of dairy products. (Authority: T. F. Harwell, statistician, State Department of Agriculture).

Texas produces one-third of the American cotton crop, but has only 280,800 spindles for spinning that product. North Carolina, leading Southern textile state, has 6,236,320 spindles.

Texas produces in 1930 one-fourth of the American pecan crop. In 1929 it produced almost one-half the total American crop—17,496,000 out of 38,005,000 pounds. (Authority: Bureau of Agricultural Economics).

Texas in 1930, despite curtailed production and reduced prices of its principal products, led the states of the union in value of agricultural products. California was second, Iowa, third.

You have got to tell 'em if you want to sell 'em! ADVERTISE!!

### Classes

#### SENIOR

The Seniors are beginning to realize that their days in Canyon High School are drawing to a close.

The invitations have arrived and it will not be many weeks until the caps and gowns will also arrive.

As is always the case, the last month of school means much to the seniors. It is usually the month in which school work is considered more seriously, as no one wants to fail the last month.

Many plans are being made for entertainment. There can never be too much entertainment during the last month of school. The social calendar committee has been working on the socials for the remaining year.

#### JUNIOR

The Junior class met Wednesday with President Middleton presiding. Plans for the Junior-Senior banquet and a Junior picnic were discussed. It was decided to have a contest between the Junior home rooms in paying class dues, which will end Friday. The winning room will be entertained by the losing room.

#### JUNIOR PICNIC

Sunday the Junior class enjoyed one of the best outings of the year at Six-mile Crossing. Four cars of students went. They found not only the canyon entertaining but were greatly amused by their occupants. The Juniors plan one more social for the year, the Junior-Senior banquet to be held the last of this month.

#### SOPHOMORE

The Sophomore class meeting opened Wednesday with the regular routine of business and roll call. The proposition of selling subscriptions for the Randall County News was proposed and the motion carried to raise money to pay for their pages in the Senior Year-Book. Miss Weter, the sponsor, read a number of clever jokes.

#### FRESHMAN

Since the Freshmen had no business, Wednesday, April 8, Rosa Cash, the chairman of the program committee, took charge. Robb Lee Foster and Laura Ferene Brian played a few popular pieces and Rosa gave a reading.

A baseball team in the Southern League has signed up a girl pitcher. Possibly the fans will admire her curves.

Planning to make money and getting it into your bank account are two very different undertakings.

It is said that one or two movie couples have a chance to celebrate their tin anniversary. Others can celebrate their tin husbands.

### Public Invited To Inspect The Exhibits Friday

This Friday afternoon the public is cordially invited to visit the public school and inspect the class work and exhibits which will be on display there. At 2 o'clock a program will be given in the grade school and from 3 to 5 o'clock both buildings will be open and each department will have an exhibit out for inspection.

Each parent especially is invited to come and see his child's work and confer with the teachers.

Tea will be served throughout the evening in the home economics dining room and grade school music room.

### FRIENDSHIP CHESTS

One of the finest projects to engage the activities of American school children is that of sending "friendship health chests" to the less favored school children of Mexico. So far, this activity has been confined principally to California children, who have already sent 150 chests, but it is to be extended to other states.

The plan which has been followed is for each American school taking part to build and equip one chest, for presentation to a Mexican school. The chests are made by the manual training department in accordance with uniform specifications; home economics departments add six infants' layettes, and the chest contains a medical kit, a volleyball and net, baseballs, one American and one Mexican flag, children's books in Spanish, pictures for the school room and a three-pound box of candy. Enclosed is also a letter of friendship from the school making the gift.

These chests have been received with the greatest appreciation and enthusiasm by the Mexican children, and many touching letters have been sent by them expressing their gratitude. The director of federal education in Mexico, through whom the gifts are distributed, has warmly commended the movement, as have President Ortiz and other high officials.

At a national educational conference held in Milwaukee in December, plans were discussed for extending the friendship health chest project to other states, as a means of promoting good will between the United States and Mexico, an objective worthy of the fullest measure of support.

### Clubs

#### SCIENCE CLUB

The Science Club met April 8 at the daily activity period. After a few business matters were attended to, a program on Edison was given. Mildred Middleton had the first part, which was a discussion of the book named "Edison, the Man." She described his early life, some of the outstanding events of his life, and a few of his habits. Clark Ash had the second part in which he talked about Edison's inventions. He discussed the major and most interesting inventions made by Edison.

#### HOME EC

The Home Economics Club has been serving lunch to the C. H. S. students. They served lunch Wednesday, Thursday and Friday. Sandwiches, pies, lemonade, iced tea and salads are served. Lunches will be served again next week. Students and teachers are invited to buy their lunch from the Home Economics girls.

After terrific struggles, the freshman finally finished his examination paper, and then, at the end, wrote: "Dear Professor: If you sell any of my answers to the funny papers, I expect you to split fifty-fifty with me."

It wouldn't be such a bad idea, when you think of it, if the train and radio announcers changed stations.

The New York stock exchange is to build a \$10,000,000 annex. This will probably be known as the house that jack built.

## SUCCESS

The success of modern banking must have as an eternal base those fundamental rules that governed a bank in the time of the Caesars, although the function of banking has widened tremendously since those ancient days.

Man's advent into the field of knowledge since the beginning of time has been the discovery and application of God Almighty's laws.

Therefore, we must conceive that there are fundamental principles of credit and banking that are certain in their virtues and penalties as the Law of Gravitation.

Sound banking means peace on earth, good will towards men; the safe, conservative spread of proper credit, which blesses mankind; and we may properly conclude that unsound banking leads to pain, misery and disaster.

This is our conception of Banking.

First National  
Bank

## CONFIDENCE

Last year, in spite of the general business depression, thousands of persons invested more than \$850,000,000 of new capital in the electrical industry.

New construction, extensions and improvements absorbed this money. The light and power companies, instead of aggravating the unemployment situation by adopting a policy of retrenchment, did much to improve the situation by continuing their policy of expansion.

This steady flow of new capital in spite of general business conditions clearly demonstrates the faith of the American public in the electric utilities and their managements. Without this confidence the industry would be unable to keep pace with the constantly increasing demands being made upon it.

## Nation Loses Leader in Longworth

American politics lost one of its most distinguished legislators when Nicholas Longworth, 61, speaker of the House, died of pneumonia at Aiken, S. C., whence he had gone a few days previously to play golf and rest. He is shown here in one of his latest pictures with Mrs. Longworth, daughter of the late President Roosevelt, and Paulina, their six-year-old daughter.

Saturday to visit his sister, Mrs. J. E. Davis.

Jimmie Lee Landrum celebrated her seventh birthday April 7 with a little party from 4:30 until 6:00 o'clock. After a number of games were played ice cream and cake were served. Those present were Viola, Iris and Carrol Dooley, Louise and Fern Rowell, Abbie Leavitt, Lois Hayes, Forrest and Ferrell Hill, Louis Garvin Henders.

Mr. and Mrs. H. Garvin, Mr. and Mrs. C. P. Robertson, Mr. and Mrs. Claude Fewell and Mr. and Mrs. Hill.

Mrs. A. L. Glenn called on Mrs. T. B. Cox Friday.

Those who visited at the Bob Visage home Sunday were Mr. and Mrs. Harris and children, Mrs. Bishop and children and Mr. and Mrs. A. L. Glenn and daughter.

Mrs. G. F. Wood left Friday for her home in Long Beach, Calif., after an extended visit in the home of her son, L. A. Osgood, in this city.

**A GOOD BARN PAINT at Low Cost**

LOWE BROTHERS DERBY RED BARN PAINT is made double thick. One gallon of Derby Red and one gallon of linseed oil make two gallons of good barn paint, the value of which can be favorably compared even with higher priced barn paints.

It preserves and lengthens the life of your property—preventing decay of wood and rust of metal.

Derby Red Barn Paint serves equally well on barns, silos, fences, etc.

**BURROW Lumber Co.**

reading did not prove satisfactory to her wishes. Maybe it told the truth—who knows.

Says Farmer Hogfessel, there are two kinds of people in Canyon—the Canyon cussers and the Canyon citizens.

If a stranger had followed around on the golf course at the Canyon City club Sunday after the tombstone tournament was over, he might have thought there had been a recent Indian war or that the wives of the golfers got hostile and proceeded to put a stop to the golfing business in Canyon. Any way there were sure a lot of tombstones seen around there after the tournament was about over.

The peculiar thing is that Gollin Gano didn't win. From all the reports he has been handing out to me I would have almost bet a cigar or two that he would not have to put up a tombstone, but it looks like he failed to take the cake and dropped into the ditch with the rest of the roughnecks.

Now that we are going to have a little spot where we can view the canyons and begin to realize what they really mean in the way of beauty and see that part of "ain't nature grand," let's write all our friends, kinfolks and enemies to come to see us this summer and take them out to see the

beauties of the canyons. Of course if our in-laws and enemies come when we really didn't intend for them to, just catch them on the edge of a high bluff and have a big puff of wind come along and pronto, "happy days are here again." (N. B. Husbands with troublesome mothers-in-law take notice).

Old Mother Hubbard she went to the cupboard,  
To get her poor husband a drink.  
But the cupboard was bare,  
The dry squad had been there,  
And emptied it all in the sink.  
And that's that—it might be better or worse or something.

## Zita Breezes

The P. T. A. was held Saturday night. A large crowd was there and a very good program was rendered by the people. Refreshments of salad, cake, sandwiches and coffee were served.

Mr. and Mrs. Paul Mathews and daughters visited Mrs. Emma Gruner, Sunday.

Miss Renabelle Roddy visited her cousin, Miss Oletha Roddy, this week-end.

Mr. and Mrs. C. C. Stewart and family motored to Amarillo, Sunday.

Several families of this community attended the show at Plainview last week.

## THE DAILY MILK

When the milkman brings your milk, do you step to the sink immediately and pour out a portion? Certainly not!

Then why do such a thing with Natural Gas?

Burners clogged with lint and dust; appliances unsuited for Natural Gas; and small leaks in connection, often waste as much gas as is actually needed in the home.

Remember, water can't get hotter after it begins boiling. And don't permit gas to burn wastefully between the cooking of dishes.

Do not burn gas in heating appliances with doors and windows wide open.

Satisfied customers constitute our best asset. They are worth more to us than any revenue derived from gas which is wasted.

collection of the tangible evidences of historical data to be equally as important as written material.

"The museum will not be as much a memorial to the passing pioneer as a benefit for the coming generations," Judge Hoover declared. "The printed word is not believed without proof of tangible objects. The vast relics and specimens of fast disappearing animals such as the Buffalo and lobo wolf which the museum will house will make this proof."

Two hours of informal visiting featured the lunch period, with L. Parson Gough, of Amarillo; W. H. Patrick, banker of Clarendon; W. Coffee of Amarillo; Mrs. W. W. Wetzel, pioneer church worker of Amarillo; Mrs. J. D. Stocking, widow of the first physician of Clarendon; Mr. and Mrs. John Knight, first couple married in Canyon, and many, many others renewing old acquaintances and forming new ones.

A memorial service lasting for a half-hour was held beginning at 2 o'clock Friday afternoon. Members of the society who have died since the last meeting and in whose memory the services were held for Eugene Blasdel, one time mayor of Amarillo; for Judge O. H. Nelson, second only to Colonel Goodnight, in the historic annals of the Panhandle; for J. A. Finch, one of the earliest merchants in Canyon; for Mrs. George Whittenburg, one of the daughters of the Archer family, known throughout the Canadian river country; for Judge O. R. McMorde of Canadian, and Mrs. Winfield Finch Quigley.

The memorial sketches which were given by members present will be incorporated into the permanent records of the organization.

At the business session held immediately following the memorial services J. H. Patrick and Dr. J. A. Hill were re-elected to serve as directors of the society. Their terms as directors expired this year.

Reports of the officers were given by Mrs. T. V. Reeves, Canyon, corresponding secretary; W. L. Vaughn, Canyon, treasurer, and Acting Field Secretary Sheffy.

Mr. Sheffy reported that 2,000 visitors had passed through the temporary quarters where the museum is housed in the college during the months he had served since last summer. A larger percentage were boys and girls brought by their teachers to view the historical objects. His report will be included in the 1931 Historical Review, published by the society.

Mrs. Reeves announced that 75 life members were listed and 90 annual members.

A report from the treasurer indicated that a remarkable amount of work had been accomplished with a minimum expenditure.

At a meeting of the directors immediately following the general business session, officers were elected as follows: T. D. Hobart, Pampa, president; H. E. Hoover, Canadian, vice president; J. A. Hill, Canyon, second vice president; Mrs. T. V. Reeves, Canyon, corresponding secretary; L. F. Sheffy, Canyon, field secretary; and W. L. Vaughn, Canyon, treasurer.

It never pays to get too mad because this week's enemies may be next week's friends.

**Grid Prospects—**

(Continued from first Page.)

ney, and Archer of Amarillo, and Henderson of Lockney. Of these, Cooper is the only letter man. He is a three-year letter man and last fall was rated as one of the outstanding linemen of the T. I. A. A. Woollever and Devin were reserves last season and looked good when given an opportunity to show their wares. Henderson played regularly with the Yearlings last fall and has become somewhat huskier with a year's growth. Archer is new at football, but seems to have the natural ability requisite for a great lineman.

The big loss will come to the team at tackle. Captain Logan, who has been an all conference main for two years, has played his allotted time. Dobie Johnson, who played the other tackle position in 1930, will be back and will in all probability successfully defend his position. The vacancy caused by Logan's graduation will have to be filled by Manning, Ballegee, Phillips or Layne.

Manning lettered last fall, playing about equally at the guard and tackle position. He weighs 220 pounds and stands well over six feet. Ballegee has been in school for a year or so, but hasn't been out for football before. He is tall enough and carries pounds sufficient to make a great tackle.

Phillips is fresh from Lockney High School and has a wonderful high school record back of him. He stands six feet three inches tall and weighs over 200 pounds. Layne lettered at tackle last fall, but at present is ineligible, due to scholastic deficiencies.

Burk is the only letter man that will be out for the end position and he should have a great season. He was probably the best all around end of the 1930 wingmen, and should be able to land his old berth again in 1931.

For the other wing position two Yearlings of last year's squad who look especially good are "Shiek" McDaniel and "Stew" Stowe of Canyon. Both of these men stand over six feet tall and weigh about 175 each. Stroud, a recruit from El Dorado, Okla., shows promise, and Britt of Canyon is looking good. Britt is also a backfield prospect. His punting in spring practice has been little short of sensational. His boots average close to 60 yards.

The backfield of 1930 is intact with four regulars of last season returned. Williams at full, Powell at quarter, and O'Donald and Clark at the half positions. They will be contested for regular berths by Brotherton and McInnis, both letter men, Duncan and Keith, both reserves of last season, and Cook of Lockney, Liggett of Wellington, and Spence of Lockney.

Williams, who as a freshman, was a sensation last season, gives promise of greater performance this year. His punting is improved and his passing is more accurate. Clark and Powell will be some huskier and should turn in better games this fall. O'Donald is not in school this quarter.

(Continued from first Page.)

ages 50.3 per man or 2.4 seconds per man faster than the present Great Plains record.

It is sure to be a wonderful race when these two crack relay teams get together, and then too, there is always the possibility of a dark horse. The New Mexico Military Institute always has a fair team and also, the New Mexico University is said to have a great relay team, but at present the Abilene Christians and Central Teachers are the predominating favorites.

**THE YEARS PASS QUICKLY**

The old-timers are passing, and soon there will be no old-timers left. But that is not quite true. There will always be old-timers. The years go by so quickly that the son of the pioneer is soon the old-timer to the new generation. It is the era in which one lives that marks the cycle of progress. The passing of years brings about changes. Those who remember things as they were before those changes took place are styled old-timers by the new generation whose memory does not reach back over the span of half a lifetime or more. So while today we count the pioneers of yesterday and find many missing from the ranks, only a few years hence and the old-timers will be the youth of today, who will be old tomorrow. Before us as we write are the files of the News dating back for over twenty-five years. The young people mentioned in those early numbers of the News are now middle-aged and the ones who were middle-aged are now growing old. This being true, preserving the history of the early days of the Panhandle is important. This is especially true in regard to the history of our own particular locality and the men and women who figured so largely in the settlement of the portion in which we live. Old papers, old relics, old stories, everything of value along historical lines should be carefully preserved and left as a monument to the memory of the old pioneers.—The Higgins News.

Many a boy who was never a success at geography later put his town on the map.

(Continued from first Page.)

nearby chambers of commerce and the Palo Duro Park Association the Canyon Chamber of Commerce officials hope to arouse a greater interest in the people of the state in the proposed state park for the park site.

"This is not a park within itself and will not take the place of anything asked of the legislature, but will only supplement the movement by the state government," President Byrle Elliston declared. "This will only be a means of opening a part of the canyons to people who have never heretofore seen any of the beauty, and at the same time give them an opportunity to realize what a huge project it is."

"We are very grateful to the Commissioners Court and to Mr. Emery in aiding us to secure that section, as well as both Mr. Marshall and Mr. Elkins in their cooperation in helping us to get a road to the land."

One line fence will have to be moved and another fence built for the three mile stretch of road before the grading work can begin. However it is expected that the grading will begin sometime next week and that the site will be open to the public within the next four or five weeks. To reach the place it is only necessary to follow the highway leading east from Canyon on Fourth Avenue, and going east to the Marshall ranch where the road to the canyon will begin.

An extensive statewide advertising and publicity campaign is being planned by the Chamber of Commerce with the co-operation of other organizations in the Panhandle.

Tentative plans are being arranged for a grand opening of the park site with invitations extended to all sections of the State.

"We feel that this is a Panhandle project and not merely a Canyon affair," Joe Pope, of the Hereford Chamber of Commerce told the Commissioners Monday. With him was J. E. Hill, also of Hereford.

Rolly Townsend, secretary of the Palo Duro Park Association was here Monday and was highly pleased with the prospects of an opening into the canyons.

"This is the first major step toward having the Palo Duro made into a part of the state park system and our organization will co-operate in every way in directing tourists to the spot," O. V. Vernon of the Amarillo Chamber of Commerce is quoted as saying.

The Amarillo organization has agreed to place a large sign at the intersection of Highway 9 and Fourth Avenue directing the tourists to the park site.

"For coloring, depth and view, this portion of the Palo Duro is unequalled," Ray V. Davis states. Ed Harrell, who aided in getting the move started last week stated that it is his opinion that the site is an ideal location.

**Annual Banquet—**

(Continued from first Page.)

mous Apache chief. Her quaint and humorous description of the early life in Clarendon, when black bear meat from the canyon hung outside the meat shop for sale, proved to be a highlight in the evening's program.

L. E. Haskett, a Panhandle newspaper editor for over 40 years, told of the heroic struggles of newspapers which were established in this country a number of years ago. He recited a long list of the newspapers which were published in the Panhandle years ago, as well as the names of their publishers.

Early church life in the Panhandle and especially in Amarillo was discussed by Mrs. W. W. Wetzel, Amarillo. She told of the erection of the first church, used by all denominations, in Amarillo. The late Thomas L. Turner was song leader.

Moving pictures showing gatherings of old-settlers and pioneers of the past few years and also a portion of an interview with the late Col. C. C. Goodnight, were shown by C. Don Hughes, Amarillo.

J. Evetts Haley, for several months field secretary of the society, and now a resident of Austin, was the principal speaker on the evening's program. In a rather light and humorous vein, Haley entertained the crowd with a continual flow of his wit, recalling in many instances memorable happenings told in stories of the Panhandle. He declared that at some future time he planned to return to the Panhandle and write a book dealing with the history of famous horses he had known and heard about.

A brief discussion by Judge Hoover was heard as the closing part of the program, regarding the building a museum. He declared that such a building as was planned could be built today at a cost of at least one-third the price of a year ago. Pleased with the pioneer spirit he urged that a very active and strong personal campaign be waged for funds.

Did you ever think that if you judged others by yourself it would not be fair to them.

The best eye-opener, according to Prohibition Pete, is the alarm clock.

**Rotary Club Is Addressed by Jno. Vaughn, Amarillo**

Jno. H. Vaughn, Amarillo, addressed the Rotarians Tuesday on the changes of the past quarter of a century and of the many discoveries made in that period of time. He declared that no matter where one may look if he looks for good he can find it.

Likewise he stated that if one wanted to look about to do service it is possible for that person to find the service to be done. The speaker compared the work of a Rotarian to that of a Rotarian.

It takes several thousands of pounds of ore to be refined to produce one milligram of radium. So it is with Rotarians, he said. There is only one Rotarian out of several thousands of people in the world and that these men are supposed to represent and do represent the highest type of professional and business men.

It is during the last quarter of a century that radium has been discovered and it is in the same period of time that Rotary has come into existence. Radium is a new element in chemistry and so is Rotary in the business life of the community. Both have brought blessings to those who have come in contact with it. Radium has solved many problems in the world of science and Rotary has solved many problems in business.

Plans were discussed concerning the trip of the local Rotary club to Plainview to attend the district conference to be held there Monday and Tuesday of next week. The local club will go in a body Monday, which trip will serve to make up regular Rotary attendance. President Doug Shirley will have a part on the program on Monday.

All the club members will wear their new club hats which were recently purchased and has the Rotary emblem as well as the name of the club on them. Also they will have new badges, giving the member's name, nick-name, vocation and the name of his club. Walking canes will be carried by all Canyon Rotarians to be used to support the weak-kneed members.

Miss Margaret Gamble is the new pianist for the Rotary club. She succeeds Mrs. Lee Foster who has served as pianist for some time.

Visiting Rotarians present Tuesday were: Arch Hunsley, John Gilliam, Walter D. Berry, B. E. Masters, Jno. H. Vaughn and H. C. Pipkin, all of Amarillo.

**Craig and Oldham Win Tournament At Canyon Club**

Ross Craig took first honors in the blind bogey tournament while Grady Oldham won first place in the tombstone tournament held at the Canyon City Club Sunday afternoon.

The two tournaments which were held simultaneously drew a large crowd of club members and proved to be a very interesting attraction. Dr. H. A. Brown made the only eagle, two under par, of the afternoon. He made it on the eighth hole. Thirty-two players making eight foursomes played Sunday afternoon.

Prizes were offered for the first three winners in each tournament. In the blind bogey, with Ross Craig first the award was the club's cup; second prize, a golf ball given by Thompson Hardware, went to S. H. Condon and the scarf pin given by H. W. Hartman went to R. A. Terrell who tied with S. H. Condon for second honors.

In the tombstone tournament Grady Oldham received a golf ball as first prize given by the Buffalo; Carl York received five gallons of gasoline from the K. Service station, and J. W. Klein-schmidt received a bottle of hair tonic from Mickle's barber shop. York and Klein-schmidt tied for second place.

**OLEOMARGARINE OUSTED BY SPEARMAN MERCHANTS**

An announcement is made that the selling of oleomargarine by the merchants of Spearman will be discontinued on the expiration of their present license, June 30, 1931. The decision to put a ban on the sale of "ole" came after a petition had been circulated among the grocerymen of Spearman by the agricultural committee of the chamber of commerce at that place.

It is said that many other cities over the Panhandle are joining in the movement to urge the increase of consumption of milk and milk products which are produced in the Panhandle country rather than the use and consumption of substitutes manufactured in other sections and shipped to the Panhandle.

The movement was begun by the Randall County Dairyman's Association when it requested that the Canyon Chamber of Commerce canvas the city and ask the cooperation of local merchants in increasing the consumption of milk products produced and manufactured in the Panhandle.

Help Keep Canyon Clean.

**Endeavors Plan For Prominent Men on Program**

A very interesting program is to be prepared for the Christian Endeavor district convention to be held in Canyon May 8, 9 and 10. It is stated by those in charge of the arrangements for the convention.

A number of prominent speakers are to appear on the program. Included in the list are Rev. R. Thomsen, pastor of the Central Presbyterian church, Amarillo; Harold Singer, mid-west secretary of the International Society of Christian Endeavor, Kansas City; Harold F. Lovitt, Texas general secretary of Christian Endeavor; Prof. L. F. Sheffy, field secretary of the Panhandle-Plains Historical Society, and Ernest Cabe, sophomore in the college.

SHERIFF'S SALE

The State of Texas, County of Randall.

By virtue of an order of sale with writ of possession issued out of the Honorable 47th Judicial District Court of Randall County, on the 8th day of April, A. D. 1931, by the clerk thereof, in the case of Miles Ackerman versus W. J. Fletcher, No. 1285, and to me, as Sheriff of Randall County, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the First Tuesday in May, A. D. 1931, it being the 5th day of said month before the Court House door of said Randall County, in the City of Canyon City, Texas, the following described property, lying, situated and being in the County of Randall, and State of Texas, to-wit:

All of Lots Nos. Nineteen (19) and Twenty (20) in Block No. Thirty-five (35) of the Original Town of Canyon City, Randall County, Texas.

Levied on the 8th day of April, 1931, as the property of W. J. Fletcher, to satisfy a judgment amounting to \$684.65 in favor of Miles Ackerman, interest and cost of suit.

Given under my hand, this 8th day of April, A. D. 1931.

JOHN FRY,  
Sheriff of Randall County, Texas.

A. C. DONNELL,  
3-3t. Deputy.
